## About SONSIK

The Society of Nepalese Students in Korea (SONSIK), a nonprofit organization, is the sole student organization of Nepali students, academicians and intellectuals in the Republic of Korea. The Society was established in 2004 with an objective to promote academic, professional and other mutual interests through a wider, regular and more frequent exchange of ideas and views among the Nepali students studying in different academic institutions throughout South Korea. Since its inception, the Society has worked to build up an academic network among the Nepali students by easing the transition into Korean society and to create a common forum for exchange of ideas about research and other academic opportunities. SONSIK does not have any affiliation with any corporate, political or governmental organizations.

### Ways You can Help SONSIK with :-
